

# BOARD GAME WORKSHOP OUTLINE

## Join Nutrien Wonderhub for our first @theHub: After Hours Workshop

This innovative series of sessions introduces specialized skills and equipment that participants will learn and utilize to design and create their very own board game. Create Your Own Board Game Workshop is a multi-session workshop that occurs once a week for two hours over the course of 5 weeks and will take participants from the gaming concept to completion.

### 1 Introduction and Planning

October 20, 2020 6:00-8:00 PM

Participants will learn about different styles of board and tabletop games and begin to plan out their own. Session Goal: Have goals, theme, rules, title, and game board concept and sketch plans.

### 2 Designing and Prepping

October 27, 2020 6:00-8:00 PM

Participants will continue designing the look and style of their games and choose materials for the final pieces. Introduce 3D Printers & Laser Cutter Session Goal: Have a detailed plan of how final game will look and final list of materials.

### 3 Creating and Confirming

November 3, 2020 6:00-8:00 PM

Participants will play through their games and make any adjustments to the board, rules, goals as needed. Complete piece and card designs. Session Goal: Have board game, piece, and card designs ready for printing or cutting.

### 4 Decorating and Finalizing

November 10, 2020 6:00-8:00 PM

Participants will add finishing touches to their games using various materials such as paint and wood burning kits. Session Goal: Have board game, pieces, and cards completed or close to completion.

### 5 Playing and Completing

November 17, 2020 6:00-8:00 PM

Participants will complete their games if needed, design and assemble the box for their game, play it, and take it home after. Session Goal: Have game and pieces completed in a custom box ready to play!
